

As an electrical and electronic products company with its headquarters in Herzbrock/Westphalia, the STEINEL Group is the leading manufacturer of sensor systems, thermo tools (hot-air guns, hot-melt glue applicators, gas soldering irons). Over 1000 staff members located at six facilities in Central Europe manufacture and sell products in German Quality for the world market.

Sensor Technology

IS 1 Movement Sensor

Costs less than most people think

Perfected technology and upmarket design needn't cost a fortune.

The tilting and swivelling sensor lens permits exact adjustment of the detection zone to suit individual requirements and the light 'ON' time and twilight thresholds are easily set by the control dial.

Technical specifications

- White: L080035
- Black: L080036
- Dimensions: 50h x 80w x 120d mm
- Switching Capacity: 500w max
- Detection Angle: 120°
- Detection Reach: 10m max
- Twilight Setting: 5 - 2000lux
- Enclosure: IP54
- Time Setting: 15sec - 15min

Display Stand

- 20x L080036 IS1 Black
- 30x L080035 IS1 White
