STEINEL®

HL 1810S Heat Gun

E010020

An Everyday Heat Gun for most jobs around and about...

The Steinel HL 1810 S is a multipurpose heat gun with three heating and airflow stages to conquer most jobs. With its 1800 watts of power, the blower reaches temperatures of up to 600°C at an airflow rate of 500l/min. This makes the HL 1810 S an ideal choice for a whole host of everyday hot air applications that don't require the use of reduction nozzles.

This heat gun boasts features such as a soft stand for a secure hold, dual air vents, an industrial grade rubber power cord and double overheating protection using a thermostat and thermal fuse. It is ideal for paint stripping, shaping, shrinking cable sleeves, unscrewing wheel nuts, waxing skis and much more.

STEINEL® Specifications

Output	1800w
Voltage	230 - 240v / 50Hz
Airflow	Stage1: 200l/min; Stage2: 300l/min; Stage3: 500l/min
Temperature	Stage1: 50°C; Stage2: 400°C; Stage3: 600°C
Temperature setting	3 Stage
Weight	780g
